HEA 7272. Advanced Cardiac Life Support Instructor Course. 0.0 Hours. Class-20.0. Clinical-0.0. Lab-0.0. Work-0.0
This course is designed to prepare the individual to set up, teach and evaluate advanced cardiac life support courses.

HEA 7275. Medical Billing and Reimbursement. 0.0 Hours. Class-150.0. Clinical-0.0. Lab-0.0. Work-0.0
This course is designed to teach students the fundamental skills necessary to perform medical billing in today's managed care environment.

HEA 7280. Hospital Coding. 0.0 Hours. Class-150.0. Clinical-0.0. Lab-0.0. Work-0.0
This course will give students instruction in ICD-9-CM diagnosis and CPT code assignments for hospital records. Students should be acquainted with basic coding before entering this course.

HEA 7300. Skills for Success. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
Provides students with study skills necessary for school and dietary management program success.

HEA 7301. Basic Coding Principles of ICD-9-CM. 0.0 Hours. Class-30.0. Clinical-0.0. Lab-0.0. Work-0.0
A course designed to introduce ICD-9-CM Coding to individuals who have not had formal training in format and coding guidelines and also to be a refresher course for individuals who have not used coding for a period of time.

HEA 7302. CPT Medical Coding. 0.0 Hours. Class-150.0. Clinical-0.0. Lab-0.0. Work-0.0
This course is designed to train medical record personnel in cpt medical coding.

HEA 7304. Therapeutic Nutrition. 0.0 Hours. Class-280.0. Clinical-0.0. Lab-0.0. Work-0.0
Course includes diet modifications as a response to illness, disease, growth and development, and old age.

HEA 7305. Food Systems Management. 0.0 Hours. Class-280.0. Clinical-0.0. Lab-0.0. Work-0.0
Prepares students in the areas of safety, sanitation, accident prevention, menu planning and food preparation.

HEA 7306. Personnel and Administration. 0.0 Hours. Class-280.0. Clinical-0.0. Lab-0.0. Work-0.0
Covers professional roles, responsibilities, personnel management, and problem solving.

HEA 7307. Neonatal Resuscitation - Instructor Trainer Course. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0

HEA 7311. Optometric Technician Course. 0.0 Hours. Class-20.0. Clinical-0.0. Lab-0.0. Work-0.0
This course is designed to provide participants with the skills necessary to function in the capacity of technician with in an optometric or ophthalmic medical practice.

HEA 7312. Intermediate Icd-9-Cm Coding. 0.0 Hours. Class-30.0. Clinical-0.0. Lab-0.0. Work-0.0
Follow up course to basic icd-9-cm coding, this course will provide participants with additional coding guidelines and teach the student how to apply the basic guidelines to specific body systems. This course will provide more hands-on coding.

HEA 7313. Advanced Coding. 0.0 Hours. Class-150.0. Clinical-0.0. Lab-0.0. Work-0.0
This course is a continuation of basic and intermediate coding. It will provide in-depth coverage of ICD-10-CM and CPT coding. Must pass HEA 7270 first. Department permission required.
Corequisites: Take HEA 7270 minimum grade S

HEA 7315. EKG Technician. 0.0 Hours. Class-112.0. Clinical-0.0. Lab-0.0. Work-0.0
Students will gain knowledge of cardiac terminology, understand the structure and function of the heart, and understand the anatomy and physiology of the heart. Students will gain basic understanding of the electrical conduction system and how it affects heart function. Students will identify why the EKG is done. Students will identify common arrhythmias, and demonstrate patient prep as well as proper placement of EKG leads. Students will be able to properly and safely operate the equipment, run a 12 lead EKG accurately and prepare it for reading.

HEA 7316. Dietary Managers Assoc. Exam Review. 0.0 Hours. Class-280.0. Clinical-0.0. Lab-0.0. Work-0.0
This review course covers the materials taught in each of the four dietary managers training course program--Nutrition through the life cycle, therapeutic nutrition, food systems management, and personnel and administration.

HEA 7317. Food Systems Management. 0.0 Hours. Class-280.0. Clinical-0.0. Lab-0.0. Work-0.0
A Certified Dietary Manager, Certified Food Protection Professional (CDM, CFPP) is responsible for the management of food operations in a dietary department. This includes the management of food service personnel, food/kitchen supplies and the routine nutritional aspects of food service. Working with a Registered Dietitian, the dietary manager assists in providing quality nutritional care. The Nutrition and Food Service Professional program at Central Piedmont Community College is approved by the Association of Nutrition & Foodservice Professionals (ANFP). This program is designed for students who are looking for a career change, or are currently employed in foodservice but aspire to be credentialed as a Certified Dietary Manager, Certified Food Protection Professional. (CDM, CFPP) The curriculum focuses on the fundamentals of culinary science, sanitation, nutrition, and sound management practices. Students are eligible for student ANFP Pre-Professional membership. Graduates may apply to sit for the credentialing exam, active ANFP membership, and upon successfully completing the exam may use the CDM, CFPP credential after their name. (www.anfponline.org). This educational model for the Nutrition and Food Service Professional program consists of two modules in 12 months, with courses held in the evenings at a Central Piedmont campus. HEA 7317 Food Systems Management HEA 7318 Medical Nutrition Therapy Fifty (50) field hours are required per each class. A Registered Dietitian must supervise field hours for HEA 7318 Medical Nutrition Therapy and a CDM or RD must supervise hours for the HEA 7317 Food Systems Management. Benefits of becoming a Certified Dietary Manager DM, CFPPs are experts at managing dietary operations. They are trained and qualified to administrate menus, food purchasing, and food preparation; and to apply nutrition principles, document nutrition information, ensure food safety, manage work teams, and much more. According to the Association of Nutrition and Foodservice Professionals 2012 Salary & Benefits Survey the range was from $36,401 to $52,094. It varies according to location of facility, employment status, position, number of employees reporting to you, and geographic region.
HEA 7318. Medical Nutrition Therapy. 0.0 Hours. Class-280.0. Clinical-0.0. Lab-0.0. Work-0.0
A Certified Dietary Manager, Certified Food Protection Professional (CDM, CFPP) is responsible for the management of food operations in a dietary department. It varies according to location of facility, employment status, position, number of employees reporting to you, and geographic region.

HEA 7319. Sanitation: ServSafe Certification. 0.0 Hours. Class-280.0. Clinical-0.0. Lab-0.0. Work-0.0
ServSafe is the National Restaurant Association Educational Foundation's food safety program. Its focus is upon the food service leader's role in measuring risks, setting policies, and training and supervising employees.

HEA 7320. Hospital Nursing Unit Secretary. 0.0 Hours. Class-164.0. Clinical-0.0. Lab-0.0. Work-0.0
This course is designed to prepare individuals to perform competently as a secretary on a nursing unit. Students will learn and perform various clerical procedures such as telephone techniques, physician order interpretation, maintenance of the patient's chart, scheduling appointments and requesting supplies and/or equipment.

HEA 7326. Hospital Nursing Unit Secretary Part 2. 0.0 Hours. Class-330.0. Clinical-0.0. Lab-0.0. Work-0.0
Course is designed to teach hospital nursing unit secretary skills such as physician order interpretation, medical chart management, and orientation to a nursing unit. Prerequisite or corequisite HEA 7254 and keyboarding at 35 wpm.

HEA 7330. Spanish for Healthcare Workers. 0.0 Hours. Class-66.0. Clinical-0.0. Lab-0.0. Work-0.0
Designed as a basic Spanish class for healthcare workers. This course will cover basic vocabulary of greetings, daily living activities and anatomical features.

HEA 7344. Advanced Medical Life Support. 0.0 Hours. Class-33.0. Clinical-0.0. Lab-0.0. Work-0.0
AMLS is a two-day (16-hour) in-depth study of medical emergencies. This course emphasizes a pragmatic approach and format, based on teaching providers what they need to know.

HEA 7345. AMLS Instructor Course. 0.0 Hours. Class-33.0. Clinical-0.0. Lab-0.0. Work-0.0
This mandated class covers the material needed to prepare an individual to instruct in an AMLS class. This class meets the NAEMT requirements.

HEA 7400. Advanced Transcription. 0.0 Hours. Class-176.0. Clinical-0.0. Lab-0.0. Work-0.0
Uses advanced transcription tapes to fully prepare students for entry into the job market as a medical transcriptionist.

HEA 7401. Medical Transcriptionist. 0.0 Hours. Class-176.0. Clinical-0.0. Lab-0.0. Work-0.0
Students learn basic medical transcription skills using a Dictaphone and computer keyboarding.

HEA 7405. Medical Transcription Formatting/Editing. 0.0 Hours. Class-176.0. Clinical-0.0. Lab-0.0. Work-0.0
This course will prepare students with research skills, proofreading and editing ability, and also formatting of material to be transcribed. Provides students with more specialized terms related to the medical field as well as commonly confused terms, misspelled words, punctuation, grammar, and style guidelines of transcription. Familiarizes students with Microsoft Word as used by transcriptionists, including shortcuts and formatting.

HEA 7500. Medical Reimbursement Specialist Part I. 0.0 Hours. Class-60.0. Clinical-0.0. Lab-0.0. Work-0.0
This course is designed to prepare individuals to work in the healthcare field as a billing specialist. Part I includes medical terminology, disease process, basics of medical insurance, insurance terminology, legalities, ethics and parts of a medical record.

HEA 7625. Medical Keyboarding. 0.0 Hours. Class-60.0. Clinical-0.0. Lab-0.0. Work-0.0
Provides a basic keyboarding course designed for persons entering a healthcare field.

HEA 7630. Medical Receptionist. 0.0 Hours. Class-164.0. Clinical-0.0. Lab-0.0. Work-0.0
Designed for students who want to work in a physician's office performing front-desk receptionist skills such as appointment scheduling and medical records management.

HEA 7631. Diseases and Pharmacology. 0.0 Hours. Class-27.0. Clinical-0.0. Lab-0.0. Work-0.0
Provides basic information about common diseases and their treatment as well as commonly prescribed drugs. Course is designed as a follow-up for medical terminology for students preparing for courses in medical information training.

HEA 7700. Sleep Technologist. 0.0 Hours. Class-104.0. Clinical-0.0. Lab-0.0. Work-0.0
Prerequisite: Must take test 452, be a HS graduate and have departmental permission. This program will train students to become a sleep technologist in a hospital and/or sleep center.

HEA 7701. Introduction to Health Occupations for Esl Students. 0.0 Hours. Class-40.0. Clinical-0.0. Lab-0.0. Work-0.0
Students will improve their communication in the workplace and literacy skills needed for workplace training through an overview of health care with a focus on the nursing assistant profession. Students will demonstrate the ability to use efficient learning techniques as well as acquire, evaluate, analyze and communicate information.
HEA 7800. Computer Software for the Medical Office. 0.0 Hours.
Class-176.0. Clinical-0.0. Lab-0.0. Work-0.0
This course is designed to introduce students to software applications in the medical office. Students will learn valuable skills including medical billing, scheduling, report generation, patient data input, computer utilities and software vocabulary.

HEA 7936. Pediatric Advanced Life Support. 0.0 Hours. Class-16.0. Clinical-0.0. Lab-0.0. Work-0.0
The Pediatric Advanced Life Support (PALS) Course is designed to certify physicians, registered nurses or EMT- Paramedics in Pediatric Advanced Life Support through the American Heart Association. This course teaches the proper evaluation and treatment of a pediatric patient in cardiopulmonary arrest. Upon successful completion, the student will be awarded PALS certification from the American Heart Association.
Prerequisite: AHA BLS and ACLS* It is desirable but not required that an ACLS certification be held.

HEA 7944. Advanced Cardiac Life Support. 0.0 Hours. Class-20.0. Clinical-0.0. Lab-0.0. Work-0.0
The Advanced Cardiac Life Support (ACLS) Course is designed to certify physicians, registered nurses or EMT- Paramedics in Advanced Cardiac Life Support through the American Heart Association. This course teaches the proper evaluation and treatment of an Adult patient in cardiopulmonary arrest. Upon successful completion, the student will be awarded ACLS certification from the American Heart Association.
Prerequisite: Current AHA BLS Certification as a Healthcare Provider.

HEA 8020. Medical Keyboarding. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
This course is designed as a basic keyboarding program intended for persons entering a healthcare field. The keyboarding practice utilizes some medical terms.

HEA 8025. Medical Office Terminology /Admin. Pro. Administrative Procedures. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
This course is designed for students who want to work in a physician’s office doing front desk receptionist work, appointment scheduling and medical records management. Medical terminology of all body systems is included.

HEA 8030. Medical Keyboarding and Receptionist Skills. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
This course is designed for students who need basic keyboarding skills and front office medical reception skills.

HEA 8040. Sleep Technologist. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
This course is designed to train individuals to become a sleep technologist in a hospital and/or sleep center. Students will learn appropriate sleep terminology with anatomy and physiology, introduction to PC, CPR, and clinical aspects of sleep.

HEA 8045. Hospital Coding. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
This course will give students instruction in ICD-9-CM Diagnosis code assignments for hospital (in-patient) records. Students should have basic coding skills before entering this course.

HEA 8046. Medical Billing and Reimbursement. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
This course is designed to teach students the fundamental skills necessary to perform medical billing in today’s managed care environment.

HEA 8047. Medical Reimbursement Specialist. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
This course is designed to prepare participants in the basics of ICD-9-CM and CPT-4 Coding, HCFA 1500 Forms, insurance basics and collections.

HEA 8051. Cancer Prevention and Early Detection. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0

HEA 8052. Dietary Manager Distance Learning Course. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
The dietary manager distance learning course is designed to allow participants to learn through self study and guided direction at home. Requirements include 140 hours of study and 150 hours of clinical preceptorship. All work is supervised by a registered dietitian. Upon completion of the course, participants are eligible for nat. Exam cert. Diet. Mgr.

HEA 8056. Medical Transcription I. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
This course consists of extensive medical terminology and anatomy that is needed to prepare the student to transcribe medical reports. It also includes keyboarding. Students must be able to type 45 wpm at the end of the course.

HEA 8057. Medical Transcription II. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
Medical transcription II is a continuation of medical transcription I with the emphasis being on increased keyboarding speed and transcribing speed.

HEA 8058. Medical Insurance Billing. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
This course is designed to teach individuals the fundamental skills necessary to perform medical billing in today’s managed care environment.

HEA 8059. Understanding Medical Insurance. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
Students taking this course will learn a basic knowledge of medical insurance, including medical insurance, medicare/Medical info, and understanding of claim forms.

HEA 8060. Basic Icd-9-Cm Coding. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
A course designed to introduce icd-9-Cm coding to individuals who have not had formal training in format and coding guidelines, and also to be a refresher course for individuals who have not used coding for a period of time.

HEA 8061. Basic Spanish for Health Care. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
This is a 14 hour introductory spanish course for health care providers.

HEA 8062. Medical Reimbursement Specialist Part 1. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
This course is designed to prepare individuals to work in the healthcare field as billing specialist. Part I includes medical terminology, disease process, basics of medical insurance, insurance terminology, legalities, ethics, and the parts of a medical record.

HEA 8063. Medical Reimbursement Specialist- II. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
Course covers all aspects of coding and insurance billing procedures.

HEA 8065. Certified Precedural Coder (CPC) Exam Review. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
A review of ICD-9-CM and CPT medical codes for students wanting to take the CPC Exam.
HEA 8235. Neonatal Resuscitation Course. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
This class is for healthcare providers. Textbook Required.

HEA 8236. Neonatal Resuscitation Instructor. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
Prerequisite: Must have current NRP provider certification. Textbook required.

HEA 8237. Pediatric Advanced Life Support. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
Textbook Required.

HEA 8242. BLS Instructor Update Course. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
This course is a mandatory update from American Heart Association for approved basic life support instructors to address new standards for basic life support instruction.

HEA 8243. CPR Instructor. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
Textbook Required. Must have current AHA Healthcare CPR card.

HEA 8244. Advanced Cardiac Life Support. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
Textbook Required. Prerequisite: knowledge of cardiac rhythms and medications.

HEA 8247. Pediatric Advanced Life Support. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
Textbook required. Must have current CPR certifications.

HEA 8248. Pediatric Advanced Life Support Instructor Course. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
Textbook required. Must have current PALS provider card.

HEA 8249. Advanced Cardiac Life Support - Renewal. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
Textbook Required.

HEA 8272. Advanced Cardiac Life Support Instructor Course. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
Textbook Required. Must have current ACLS provider card.

HEA 8273. Physical Therapy Workshop. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
Workshop designed to meet continuing education needs of physical therapists, physical therapists assistants, and occupational therapist. Topics vary and relate to the practice of the specialties. Examples of topics include: Proprioceptive Neuromuscular Facilitation I, Neuro-clinical applications of PNF, Functional Gait: Component Assessment and Treatment, and Back Education and Training.

HEA 8301. Common Sense About Feeling Tense. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
This health promotion program focuses on educating participants on the effects of stress and provides suggestions for stress management and behavioral modification.

HEA 8302. Cardiovascular Risk Factor Education Program. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
This course is an interdisciplinary program targeted to health care professionals. It is designed to identify, counsel, and treat patients who have risk factors for heart disease and stroke. The primary focus is high cholesterol and hypertension.

HEA 8303. Stroke: What Every Person Needs to Know. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
This program helps educate patients and other community members on the causes and effects of stroke. The focus of the course is on facts. Supportive care for the stroke patient outlines the caregiver's and patient's needs.

HEA 8304. Dietary Manager Certification Exam Review. 0.0 Hours. Class-440.0. Clinical-0.0. Lab-0.0. Work-0.0
This course serves as a review for current and past dietary manager students to help prepare them to sit for the dietary manager national certification exam.
