

# Library

---

The CPCC Library seeks to support and strengthen teaching and learning by providing access to student-centered and learning-centered resources, services and environments that lead to life-long educational development.

The CPCC Library is comprised of seven full-service libraries on six college campuses. The library's website serves as the gateway to access online resources, print books, magazines, media, scholarly journals, e-books, audio-books and videos. Resources are available on and off campus and are shared among the campus libraries through courier, fax, email, mobile and the Web, for the convenience of all users. The library is accessible every day, 24 hours a day online at [cpcc.edu/library](http://cpcc.edu/library)

The CPCC Library provides library instruction, interlibrary loan, textbook reserve service, group study facilities, one-on-one research appointments and online research assistance as well as integrated IM/webchat reference service. A comprehensive description of the library as place, resource and service can be found at [cpcc.edu/library](http://cpcc.edu/library).
