

College-Level Curriculum Programs

CPCC has developed a variety of affordable, two-year degree and distance learning programs that respond to the immediate needs of the local workforce, including the areas of science, technology, engineering, math and many others.

It is this commitment to affordability that gives CPCC students the opportunity to earn a quality education at a fraction of the cost of other local higher education institutions.

Types of College-Level Programs

CPCC offers a variety of learning programs to accommodate students' lifestyles, while achieving their educational goals. These include:

- **College Transfer Programs** for students who are interested in completing their general education requirements prior to transferring to a four-year institution. Students who intend to transfer to a four-year college or university should seek the Associate in Arts (A.A.), Associate in Science (A.S.), Associate in Engineering (A.E.), or Associate in Fine Arts (A.F.A.) degrees.
- **Associate in Applied Science (A.A.S.) degrees, diplomas and certificates** for students who are interested in completing a career-oriented program.
