College-Level Programs

CPCC has developed a variety of affordable, two-year degree and distance learning programs that respond to the immediate needs of the local workforce, including the areas of science, technology, engineering, math and many others.

It’s this commitment to affordability that gives CPCC students the opportunity to earn a quality education at a fraction of the cost of other local higher education institutions.

Program Types

CPCC offers a variety of learning programs to accommodate students’ lifestyles, while achieving their educational goals. These include:

- **College Transfer Programs** for students who are interested in completing their general education requirements prior to transferring to a four-year institution. Students who intend to transfer to a four-year college or university should seek the A.A., A.S., or A.F.A. degrees.
- **Associate in Applied Science degrees, diplomas and certificates** for students who are interested in a complete career-oriented program.
- an **Associate in General Education program** for students who want to meet a special personal or vocational objective.
