

Central Campus

For the latest campus information, visit the college's Central Campus website or call the Information Center at 704.330.2722.

History

In 1963, the North Carolina General Assembly passed the community college bill. Opening as a fully integrated institution, Central Piedmont combined the Central Industrial Education Center (CIEC) programs on Elizabeth Avenue and Mecklenburg College on Beatties Ford Road. The college sold its property on Beatties Ford Road and enhanced the campus around the old Central High School complex located at Elizabeth Avenue and Kings Drive. As the college acquired surrounding property, the original 3.94 acres expanded into a beautiful, tree-shaded, 31-acre Central Campus. This campus is the largest in the college's multi-campus system and serves more than 25,000 students annually. Central Campus is the site location for the Ruth G. Shaw Advanced Technology Center, the Health Careers Building, the Phillip L. Van Every Culinary Arts Building, the Levine Information Technology Building, the North Classroom Building for College and Career Readiness, the Christa and Reece A. Overcash Academic and Performing Arts Center, which holds the Dale F. Halton Theater and the Global Learning Office for study abroad programs. The Parr Center houses most student services including the Hagemeyer Library, Counseling Services, Disability and Access Services, Testing and Assessment Center, Graduation Office, the Leon Levine Health Sciences Building, and the Center for Military Families and Veterans.

High Schools Near the Campus

High Schools near Central Campus are Garinger, Harding University, Myers Park, Philip O. Berry Academy of Technology, and West Charlotte.
