Interior Design

The Interior Design curriculum is designed to prepare students for a variety of job opportunities in residential and non-residential interior design. The focus of the studies is technical knowledge, professional practices, and aesthetic principles.

Curriculum content includes residential and non-residential interior design, architectural drafting, computer-aided design, and universal design. Also included are basic design, history of interiors and furnishings, color theory, products, business practices, graphic presentations, and general education courses.

Graduates should qualify for various jobs, including residential and commercial interior design, set design, showroom design, and sales positions for furniture, textiles, and accessories and all businesses dealing with interiors.

General Information

Increasingly, our interior living and working spaces are being developed for a more sophisticated society. The Interior Design program at Central Piedmont prepares students to design today's interior spaces and tomorrow using the best of today's technology.

For specific information about potential positions and wages in interior design employment, visit the Central Piedmont Career Coach website.

Interior Design (A30220) Degree Awarded

The Associate in Applied Science Degree - Interior Design is awarded by the College upon completing this program.

Admissions

- A high school diploma or equivalent is required. GED High School Equivalency and High School Diploma classes are available at Central Piedmont.
- Central Piedmont placement tests are required in English and mathematics. Developmental Studies in mathematics and English courses are available for students to build basic skills and knowledge.
- · A counseling/orientation appointment follows placement testing.
- Contact the Program chair to enter the Interior Design program.
- Many courses have prerequisites or co-requisites; check the Courses section for details.

Contact Information

For more information, call the Interior Design Department at 704.330.6548, or visit the Interior Design Program website.

Interior Design Diplomas (D30220)

- Residential Interior Decoration Diploma and Home Staging (D30220-D2) (p. 1)
- Kitchen and Bath Design Diploma (D30220-D3) (p. 2)

Residential Interior Decoration Diploma and Home Staging (D30220D2)

The Residential Interior Decoration and Home Staging Diploma is designed to prepare students for various job opportunities in the field of residential interior decorating. The focus of the studies is technical knowledge, professional practices, and aesthetic principles.

Total Credits

Curriculum content includes residential interior design, architectural drafting, and computer-aided drafting/design. Also included are basic design elements, history of interiors and furnishings, color theory, graphic presentation, business practices, and general education courses.

Graduates should qualify for various jobs, including residential interior design, set design, showroom design, and sales positions for furniture, textiles, and accessories.

Careful planning should allow students to complete the diploma in three full-time semesters or six to seven part-time semesters.

For more information, please visit the Interior Design Program website.

Kitchen and Bath Design Diploma (D30220-D3)

Total Credits

The Diploma in Kitchen and Bath Design equips students with the knowledge, skills, and competence needed for working in this specialized design area. Coursework includes design basics; both computer-aided and manual drafting techniques; 3D computer modeling; kitchen and bath materials, products, and business practices.

Graduates should qualify for jobs with businesses that specialize in or relate to the design, sales, and installation of residential kitchens and baths.

Interior Design Suggested Course Sequence

The following is the suggested plan for when to take each course to complete the Associate in Applied Science degree, based on the program requirements of the 2024-2025 catalog. This is only a recommendation — you may take courses in another order upon consultation with your advisor. This plan is based on you starting with college-level math and English courses, starting your program in the fall, and attending full-time. You can also follow this sequence if you attend part-time. Speak with your academic advisor about the plan and any questions. This program might also offer diplomas or certificates; visit the catalog or contact the program for details. Visit the Academic Advising page for instructions on locating

your assigned advisor: https://www.cpcc.edu/academics/academic-
