Residential Interior Decoration Diploma and Home Staging (D30220D2)

The Residential Interior Decoration and Home Staging Diploma is designed to prepare students for various job opportunities in the field of residential interior decorating. The focus of the studies is technical knowledge, professional practices, and aesthetic principles.

Curriculum content includes residential interior design, architectural drafting, and computer-aided drafting/design. Also included are basic design elements, history of interiors and furnishings, color theory, graphic presentation, business practices, and general education courses.

Graduates should qualify for various jobs, including residential interior design, set design, showroom design, and sales positions for furniture, textiles, and accessories.

Careful planning should allow students to complete the diploma in three full-time semesters or six to seven part-time semesters.
