

Interior Design

The Interior Design curriculum is designed to prepare students for a variety of job opportunities in residential and non-residential interior design. The focus of the studies is technical knowledge, professional practices, and aesthetic principles.

Curriculum content includes residential and non-residential interior design, architectural drafting, computer-aided design, and universal design. Also included are basic design, history of interiors and furnishings, color theory, products, business practices, graphic presentations, and general education courses.

Graduates should qualify for various jobs, including residential and commercial interior design, set design, showroom design, and sales positions for furniture, textiles, and accessories and all businesses dealing with interiors.

General Information

Increasingly, our interior living and working spaces are being developed for a more sophisticated society. The Interior Design program at Central Piedmont prepares students to design today's interior spaces and tomorrow using the best of today's technology.

For specific information about potential positions and wages in interior design employment, visit the Central Piedmont Career Coach website.
