

Service-Learning

Community and Civic Engagement

At Central Piedmont, we empower students to become active, engaged citizens through a wide range of civic engagement and service-learning experiences. By collaborating with faculty and community partners, we offer transformative opportunities that connect classroom learning to real-world impact. These experiences foster leadership, personal growth, and a lifelong commitment to social responsibility.

Community and Civic engagement strengthen communities and cultivates leadership by addressing societal challenges and make a positive impact on society through actions such as community service, service learning, healthy democracy, and public awareness initiatives. Outside the classroom, the Community and Civic Engagement leads and supports a variety of programs and events, including:

- 9/11 Day of Remembrance
- Alternative Fall and Spring Break
- Civic Engagement Leadership Program
- Community Service Opportunities
- Constitution Day
- Martin Luther King Jr. Day of Service
- Service-Learning
- Voter Registration Awareness
- Volunteer Fairs

These initiatives help students make meaningful contributions while building the skills to become thoughtful, impactful leaders in their communities.

Information is available online on the Community and Civic Engagement website or at 704.330.6584.
